

ATHLETIC EQUIPMENT

For all athletic options, students should arrive at Episcopal with their own set of athletic “running” shoes or “sneakers.” Most of the items required for participation in different athletic programs are provided by the school, but there are certain personal equipment items that are required for participation in different activities that the School does not provide.

Students will be billed for any uniform or personal equipment items provided by the school that are not possible to reissue to other individuals in the future.

Please contact a member of the Athletic Department if you have questions about the best way to approach preparing for any of the

Activity	Personal Equipment Items Required for Participation Provided by Episcopal	Personal Items Required for Participation NOT Provided by Episcopal	Additional Recommended Personal Items
